EMPTIES GUN INTO BACK.

One Wound Nearly Admits a Man's Fist.

Dallas, Oct. 7.—Considerable excitement prevailed at 10 o'clock Wednesday morning at Main and Duncan streets, occasioned by a negro named Will Lewis firing both barrels of a shotgun at Bob Nichols, also a negro, inflicting wounds that physicians at once pronounced mortal. Both loads took effect in the back of Nichols, near the spinal column, while a few of the shot scattered and were picked out of various parts of the wounded man's back.

When the weapon was fired it was close to the victim's body and the wounds terrible in their nature. One hole is almost large enough to admit a man's fist. The wound looked like it had been inflicted with a hatchet. Lewis was jailed.

About a year ago Nichols, just a short distance from where Wednesday's tragic affair took place, shot and killed Mesa Lewis, a brother of Will. Nichols has since been out on bail. It is alleged that he is the brother of the man who killed his brother.

Out of School Taxes.

Austin, Oct. 7.—The comptroller rules that under the law tax collectors over the state have a right to pay school coupon No. 1 when presented by county treasurers or treasurers of school taxes collected by such collector. This ruling was made in answer to a question raised by the American National bank here, one of the state depositories, that contended that all such money should be paid into depositories by tax collectors.

Diphtheria Closes Schools.

Saltsburg, Pa., Oct. 7.—Owing to the diphtheria epidemic public schools have been closed.

NOBLE NICHOLAS NESTOR.

Rescues Aged Woman From Fire, but Is Himself Suffocated.

Jersey City, N. J., Oct. 7.—After rescuing an aged woman from a burning house, Policeman Nicholas Nestor of this city plunged again into the blazing building and met death by suffocation. Firemen found his body four hours afterwards in unburned part of the house.

Nestor was not missed by his companions and it was only after the building cooled sufficiently for examination that his body was found.

Hughes Criticizes Bryan.

Lincoln, Neb., Oct. 7.—"Is It Possible Bryan Can Know Anything About the Principles of Business?"

Under this caption Governor Hughes of New York, in Bryan's home city, attacked the industrial and labor policies of the Democratic candidate for president. He was greeted at the station by a large crowd. Governor Hughes was escorted amid enthusiastic demonstration to the opera house, where he spoke.

Amber's Awful Jeeds.

John W. Richmond, a young farmer, who resided in the Lambert's Point section, shot and killed his sister-in-law, Miss Josephine Cromwell; his father-in-law, Beverly Cromwell, and committed suicide after he killed his father-in-law's horse. A shotgun was the weapon used. The tragedy was caused by domestic troubles.

Union Proclaimed.

Athens, Oct. 7.—Dispatches received here from Canea announce the people of Crete proclaimed the union of that island with Greece.

Corn and Spring Wheat.

Washington, Oct. 7.—The department of agriculture reports corn condition 77.9; spring wheat quality, 88.1.

Alabama Negro Burns to Death.

Birmingham, Oct. 7.—During a fire here A. A. McLenahan, a negro, was burned to death.

WEDNESDAY A BUSY DAY.

Stubbs, Wheeler and Other Men Deliver Speeches.

San Francisco, Oct. 7.—The second day's sessions of the Transmississippi Commenced congress proved a busy one and numerous speakers addressed the delegates, who accorded strict attention to the important subjects discussed.

J. C. Stubbs, director of traffic of over 16,000 miles of the Harriman railroads, was one of the speakers, his subject being "Transportation." Mr. Stubbs delivered his address at the special request of Mr. Harriman. The speaker went into the relation of railroads to the work of developing the transmississippi country fully and showed how big transportation companies had been doing work all along the lines mapped out by the congress for many years.

Benjamin Ide Wheeler, president of the University of California, addressed the meeting, his subject being "West of the Mississippi River, What Does It Mean?"

Colonel Fred Fleming of Kansas City took for his subject "Western Insurance," while Governor Cutter of Utah, and former Governor Pardee of

BENJ. IDE WHEELER.

California both paid attention to the "Conservation of Natural Resources."

The delegates are greatly impressed with the work of conservation that has already been done in Utah and California as outlined by the speakers, and warmly applauded Governor Cutter's remarks as to the prominent part President Roosevelt had taken in forwarding this work in all parts of the country.

Pulled Overboard and Drowns.

Galveston, Oct. 7.—Harry Clark, a dock worker, ran a heavy truck off a pier and was pulled over by it into the bay. His head struck a projection, causing him to become unconscious, and drowning followed. Clark was thirty years old.

Picking Retarded.

Georgetown, Tex. Oct. 7.—A heavy rain and wind storm accompanied by severe lightning, struck here early Wednesday morning, damaging crops and farm property. Picking was put back three days.

Emergency Cement Rate.

Austin, Oct. 7.—The railroad commission issued an order placing an emergency rate of 5 cents per 100 pounds on cement from Harry, at which place the cement plant is located near Dallas, to Houston and Galveston. Present rate is 10 cents to Houston and 15 cents to Galveston. The emergency rate is placed to meet the emergency.

Attorney Spends Hour In Jail.

Fort Worth, Oct. 7.—Judge of the city police court fined Clarence Parker, a well known attorney, \$10 and sentenced him to twelve hours in jail on contempt charge. Parker spent an hour in jail before he was released. The difficulty arose during an unimportant trial.

Kansas points to Houston and Galveston, from 28 1-2 cents to 16 cents. Effective immediately.

"A second Andrew Jackson," is what John W. Kern says William J. Bryan is.

Campaign lies will be flying around as thick as blackbirds the first three days of November—too late to be nailed.

With circuses, baseball and politics at home, the American people have no time to spare for that Bulgarian row.

The whirlwind campaign which the Republicans promised in Texas has turned out to be only a little dust raiser.

It is about as hard to decide who is responsible for that Osage oil lease as it is to tell who struck Billy Patterson.

The animals in the cage are no longer harrassed. They know Teddy has with the animals at home.

The Corsicana "Sun" says: "Some heartache went with the clearing of Corsicana of dogs, but the public must be protected." Bryan would feel better after a similar purgation.

The Eagle has believed all the time that Roosevelt was a fraud and said so more than a year ago in the heyday of his popularity. No honest man would steal another's ideas, as he tried to steal Bryan's and claim them for his own.

The elephant is said to be manageable up to fifty years of age, but after that his temper grows so bad that he has to be retired from the ring. This applies to the g. o. p. elephant, which is a little over fifty years old.

In Chicago today an immense audience will see a spectacle without precedent in history: Mr. Bryan and Mr. Taft, candidates for the presidency, will appear on the same platform. Such an event in the midst of one of the most exciting and hotly contested campaigns ever known is auspicious of the passing of partisan rancor and the dawn of an era of good will to all men.

According to the Palestine Herald, Gov. Campbell is not sick but just lying down. The Herald says: "Governor Campbell is not really a sick man—not in the sense that is generally understood. He is just like every other man who ever lived in Palestine—he gets kinder 'home sick' to be back among the old red hills and among the people of his old acquaintance. A short time here will make him feel all right again, and the people here are always glad to have him here."

IN DISTRICT COURT.

Applications for rehearing in the case of the state of Texas vs. Felix Brown, murder in the first degree and same vs. George Childress, assault with intent to murder, were overruled in the District Court here Wednesday, and notice of appeal given. Brown was convicted a few days ago of the murder of Harry Williams, a white man, at Mudville of the 28th of August, and the jury gave him a life term in the penitentiary. The evidence upon which the case was tried was purely circumstantial.

Childress, also colored, shot out his brother's right eye, and was given two years by the trial jury.

In the case of Wolff vs. Houston and Texas Central Railway company, damages, a motion for rehearing was overruled and notice of appeal. This is one of a group of damages cases resulting from destruction of cotton by fire at the compress platform here in December of 1906. The total amount of damages sought by the several plaintiffs is about \$125,000 and the trial occupied the first two weeks of the present term of court.

Deputy Sheriff John
are often referred to
imals confined in jail here
horse." A large number of
prisoners have been confined in jail
for the past several weeks. The
majority of these are negroes, but in
the bunch there were five white men,
and it was these who attempted the
delivery. Just why Mr. Conlee sus-
pected anything wrong, he can not
positively state himself, but for the
past several days he has felt that
all was not right at the jail, and on
the night before last phoned Sheriff
Nall that he felt all was not well at
the jail, and warned that official to
be particularly careful on entering
the jail next morning and not give the
prisoners an opportunity to get the
advantage of him.
When the two officers met yester-
day it was decided to go through the
jail and make a thorough inspection.
Beginning at the door of the upper
corridor, they carefully examined
every lock and bar and found every-
thing in good shape, until the rear
of the runaround was reached, when,
pounding on the steel wall, with a
hammer, it was discovered that a
section of the wall sufficiently large
to allow the passage of a man's body
had been sawed entirely through in
some places along the outline of the
section to be removed, and very nearly
through for the entire length.
The crevice in the steel had been
cleverly filled with soap and smeared
over until there was no probability of
detection, except under minute exami-
nation. It is believed that the men
intended to cut their way through,
then drop to the lower floor, where
they could have either knocked a
hole through the brick wall and es-
caped, or overpowered the sheriff
when he entered the jail in the morn-
ing.
The work was done by the white
prisoners, only three of whom are
now confined in jail, the other two
having been taken out to work on
the county roads a few days ago. No
saw or other tool was found upon
those now confined, but the sheriff
has withdrawn the liberty of the run-
around and they are now locked in
their cells. All three are four year
men, convicted at the present term
of District Court.
Through Mr. Conlee's vigilance
there is no doubt that a jail delivery
was prevented.

Four big trunks sold to different members of one family and placed on a farm wagon in front of Mr. Coulter's store yesterday attracted the attention of The Eagle man. It didn't seem like a trunk mystery, exactly but it created the impression that a sale was on and a sale which had not been advertised as extensively as such events usually are. "It's a sale, alright," said Mr. Coulter, "but I am not advertising a trunk sale, because I have not enough left from a car I bought some time back to justify working up a sale on them. The line is a good one," continued Mr. Coulter, "and I have left from that car, quite an assortment of flat top and veneer trunks, full brass covered. These range in price from \$1.75 to \$20.00 each and so long as any remain they will be offered at the price named. I expect to make another order soon, but can't say that I can offer trunks out of that shipment at the prices I am making now."

Attractive Laundry Work

has a charm of its own aside from a pleasing personality. That is why work done by the Bryan Steam Laundry has so many admirers. The simple reason is that we "know how" to do the work properly, and furthermore we do it. We take the trouble to do it right. Lots of people know how to do a thing, but they haven't pride enough to do it properly. We are not that kind.

MERCHANTS' ASSOCIATION

Constitution and By-Laws adopted yesterday afternoon at a well attended meeting held in K. of P. hall. The Merchants' Association, organized by the merchants of Bryan, a constitution and by-laws governing the body were adopted. Owing to an indisposition President Edge requested Vice-President E. J. Fountain to preside at the meeting and Mr. Ed Derderie acted as secretary.

The laws adopted give considerable scope to the work of the organization, and since this work must result beneficially to the members of the Association, and to the town, affiliation with the club would seem to be inviting to every merchant of progress in the city.

The object of the association is to unite in one common brotherhood all the retail merchants in the city of Bryan to protect their common interests as retail merchants and the interests of the general public in the matter of handling and selling goods.

At the meeting yesterday it was decided that in future regular meetings would be held on the third Friday in each month. It was also decided to place the amount of monthly dues at one dollar.

The selection of a secretary was deferred at the request of the executive committee and the meeting adjourned subject to call of the president.

A list of the officers and members will be published in these columns as soon as the roll is completed.

THE FARMERS' UNION.

Mr. J. C. Albritton Will Make Two Addresses Friday.

Mr. W. L. Edge, president, Mr. I. M. Cook, former president, and Mr. T. P. Hall, all prominently identified with the Farmers' Union movement and agricultural affairs generally in this section, were here yesterday. Arrangements are making for the County Union Meeting, which occurs at Steep Hollow next Friday and Saturday, at which time Mr. J. C. Albritton of Galveston will address the gathering. On Friday the same speaker will be heard at the courthouse here in a lecture to which the officers and members of the Union invite the general public, and particularly the mercantile and business and professional element of that public who feel an interest in the affairs of the community will no doubt attend the meeting. Mr. Albritton occupies a very responsible position, both in the business world and with the Farmers' union. He will come to Bryan as the representative of State President Neill, and he has a message of especial interest to deliver to the people of this section. He will speak at Steep Hollow Friday morning and at the courthouse in Bryan Friday night, and will no doubt be greeted with large audiences as the importance of his message demand.

The Bachelor Girls.

The Bachelor Girls' Club, a recent society organization upon whose roster appears the names of some of the most charming young ladies in the city, met with Miss Jessie Garth yesterday afternoon and elected officers for the ensuing term, as follows: Miss Jessie Garth, president; Miss Emily Thomas, vice-president; Miss Emmie Fountain, Miss Gussie Buchanan, Miss Mai Wilson and Miss Besie Seale were added to the membership. After the transaction of the business before the club adjourned to meet next week with Miss Alberta Adams.

THE COTTON MARKET.

The Bryan spot market showed more strength yesterday and an improvement in price. The tone was firm and the market closed at slightly higher prices over Tuesday.

Called to Colors.

Paris, Oct. 7.—Official advices received at Paris indicate a great degree of popular excitement in Serbia. Further mobilization orders have been issued and reserves called to colors are said to be 75,000. It is feared the Belgrade government, in order to save itself, will be driven to embark on a desperate adventure against Austria-Hungary.

Posted in Provinces.

Sarajevo, Bosnia, Oct. 7.—The imperial proclamation setting forth the annexation of Bosnia and Herzegovina to Austria-Hungary has been posted throughout the occupied provinces. The announcement has been given a mixed reception.

One Killed, One Wounded, One Beaten

Nashville, Oct. 7.—In an attempt to escape after being arrested early Wednesday morning Lucian Ferriss was shot and instantly killed by Police Sergeant George Smith. A brother of the dead man, Hubbard Ferriss, was dangerously wounded and Sergeant Smith himself badly beaten about the head. The affair took place almost directly in front of the police station.

Never Felt Better, Says Mack.

Chicago, Oct. 7.—Chairman Mack of the Democratic national committee, who, it was reported, had suffered a nervous collapse Tuesday night, was on duty as usual Wednesday. He declared he never felt better in his life when reference was made to his reported illness.

Car Held Up, Conductor Robbed.
